Organizational Behavior, Coaching and Consulting

## PROGRAM HIGHLIGHTS:

The UT Dallas Coaching Program offers the unique opportunity for the busy, working professional to complete a top-quality, ICF accredited, coach training program in a 100% virtual environment. Because our coaching program is evidence-based and the certificate comes from an internationally ranked business school, it provides the capability and credibility that coaches and their clients demand.

We are the provider of choice for Fortune 1000 companies seeking to enhance their internal coaching programs. Our diverse cohorts include students from all over the world, providing a robust professional network for both students and alumni.

We have been educating coaches since 2005 using ICF accredited curriculum that is kept current to meet changing industry needs. All instructors are highly experienced coaches with a full-time practice which provides students with real-world perspectives on coaching in the business setting.

With fall and spring semester cohorts, our program is designed to support academic learning with significant practice. Our program provides 50 hours of skill building as part of over 140 hours of classroom instruction. UTD partners with national non-profits to match students with community leaders during their practicum phase. ICF-trained mentors provide direct supervision.

# Executive and Professional Coaching Certificate Curriculum
